Recreation in nature reserves and landscape conservation areas

Help to preserve nature and the landscape!

Dear fellow citizens,

Please help to protect your homeland. Nature needs you!  
Here you can find out why your help is so important:

People who like to spend time in nature...

- drive motor vehicles only on approved paths
- only park in designated areas
- do not leave the paths and do not disturb or abandon animals
- keep their dog on a lead
- do not light fires
- do not bathe or launch watercraft
- do not destroy or remove plants
- take their waste back with them
- do not dispose of their private green waste in the area
- do not put up tents, caravans or signs outside the authorised sites
- do not disturb nature with noise

Please inform yourself about the regulations to be observed before visiting a nature reserve or landscape conservation area.

Non-compliance with the applicable regulations can be punished with a fine of up to € 50,000 in landscape conservation areas and up to € 100,000 in nature reserves.

In **landscape conservation areas**, **nature** and the **landscape** are particularly protected due to their **diversity** and **beauty** as well as their **recreational value**.

In **nature reserves**, **animals** and **plants** as well as their **habitats** are specially protected.

Further information on our protected areas as well as offers on nature & culture can also be found on the Internet at:
